

Experiences in promoting gender equity in higher education leadership

Application for testimonial presentation

Many people experience challenges for gender equity and try to break down barriers they face. We are looking for experience reports related to promoting measures for gender equity in higher education institutions, especially for higher education management. If you have interesting experiences, which you would like to present and share at the conference, we would be very happy to receive your application.

The testimonials (in total 20) will be selected at the beginning of April and all participants who will hold a testimonial presentation will be invited by the DAAD (international flight, local transportation, accommodation and meals during the conference).
